

Residential Shredding

Can You Shred My Documents in basement or attic?

Secure Document Shredding

On-Site | Drop Off Service

One Low Price

Contact Us

We prefer that all material is available at ground level, however we understand that you may not be able to do all the labor required to move the boxes and documents to ground level. Our staff can do the work for you 7 days a week at a low affordable hourly rate, currently we charge \$75 / Hr (1 Hr Minimum per person) to relocate boxes to ground level.

Moving heavy boxes up and down an attic or basement can be risky to the safety of our employees and we reserve the rights to decline service if conditions are not safe.
