Our company is based in Tewksbury MA, founded in 2006 to be a solid partner in the business community and to offer affordable **shredding service** alternative for Residents and small businesses. MyDocumentShredding.com services are performed by [Neighborhood Parcel](#) of Tewksbury MA. Our Company's success has been built on the strengths of our people and an uncompromising commitment to compliance, responsive service, and total customer satisfaction.

Our Company Story:

Over the years, our company founder, Mr. Bechat accumulated a large amount of documents that needed to be shredded. He was too busy to do it himself and called one of the large companies to schedule service at his home office. The truck showed up late and service was not what has expected, furthermore, the invoice was not what he was quoted over the phone when he hired "the Big company". The invoice had so many "extra" fees and to make matters worst, he was told that "the Big company" was not in the business of residential shredding. They rather focus on other "big fish" Feeling unappreciated and deceived, Mr. Bechat started a local shredding service that he thought can do what "other Big Company" won't do: Be transparent, offer [flat low rates](#), treat customers like he wanted to be treated. That was the beginning of a successful journey into the shredding industry.

Corporate Responsibility:

Consumers frequently dispose of old personal and confidential documents in their household garbage a practice which can lead to identity theft. Consumer fraud and identity theft are becoming an epidemic in our communities.

To raise awareness and to promote prevention, we organize Community Shredding events in Boston and Lowell MA where we have a presence. These events give individuals the opportunity to have their confidential documents destroyed on site, free of charge. They are often held with the participation or endorsement from local media, law enforcement or government agencies.
