

# Residential Shredding

## Can you come to my house for shredding?

Yes. We can! We love to help area residents with all their shredding jobs, we may even lend you a hand to get them off your basement or attic (\*) Additional labor may apply [**Ask George for free help, he often gives the house away**]

We provide residential and [personal shredding service](#) seven days a week, 7 AM to 7 PM. Ask us about the drop off service to save even more! Call us (978)636-0301
