How Secure is Your Shredding Service?

Anyone can claim that they have secure [shredding service](#). How do you really know that your documents and client's personal information is handled safely and in a secure manner? Do you rely on fancy website or security seals? Or do you rely on someone who has been trusted for all [document shredding](#) for over a decade? Don't take our word for it, see what sets us apart from the other guys when it comes to handling your personal information and confidential documents.

WHAT DOES A+ CERTIFICATION MEAN?

Our company received **A+ audit certification** from The Local [Chamber of commerce](#), the rating is the highest possible level of security a company can achieve. It measures the process of shredding your documents from the time we take custody of it until it is shredded and recycled.

Our A+ CERTIFICATION:

Neighborhood Parcel received **A+ Certification** in December of 2011, because of our techniques and dedication to your document security. Some of the reasons why we got certified and received backing from [BNBA](#) are because we:

- Conduct background checks prior to hiring new employees.
- Conduct a criminal record search on a county-by-county basis in each county the new employee has resided in the previous seven years.
- Verify employment of new applicants for the previous seven years.
- Conduct drug screening on new employees at the time of hiring and random drug screening of all employees.
- Require new employees to sign confidentiality agreements.
- Require drivers to meet all applicable licensing requirements.
- Secure all customer materials from unauthorized access before destruction.
- Ensure all customer materials are contained during file transfer from customer custody to destruction vehicle to prevent loss from the wind or other atmospheric conditions.
- Maintain written policies and procedures for drivers and assisting employees.
- Require employees to wear uniforms and picture ID badges.
- Ensure all customer materials remain secured and in the control and custody of our company until destroyed by shredding equipment.
- Require all our vehicles to meet USDOT regulations and have lockable cabs
